Budget Delegate	Belinda E. McLin	Idea #:	318
		ID:	8
		SVI:	1 (\$4,000,000)
		Budget:	\$75,000
Location	Jones Ave.		
Short Description:			
Add traffic calming measures on Jones Ave near Tom Joy Elementary to slow traffic and improve safety			
Long Description:			
Speed Pads for Jones Ave. to slow down traffic where kids are crossing streets to Tom Joy Elementary without the assistance of a crossing guard or police. There are two pads installed at the north end of Jones Ave and right as you pass the caution light at the top of Jones Ave. which does not help calming the traffic before driving towards the school zone. The two pads are too far apart. If pads were installed at the side streets Dellway Dr., Flamingo, Woodyhill and Norton Streets would be more safer for our children.			
Metro Comments			
<ul style="list-style-type: none"> • Speed Cushions on Jones Ave • Cost includes materials, labor, and consultant design services. 			

This project page has been curated by a budget delegate, drawing inspiration from ideas submitted by Nashville residents until June 20, 2023. It has been shaped with initial input regarding scope and budget from a Metro department. While Metro is committed to adhering to the specified scope, adjustments or even the potential elimination of certain aspects may become necessary during implementation, influenced by site-specific or unforeseen conditions. Furthermore, the projects' funding source is from the American Rescue Plan Act (ARPA), which current guidelines require all ARPA-funded projects be completed by December 2026. Should any project be delayed or expected to be delayed beyond this deadline, it shall be subject to elimination. The implementation timeline will be rigorously monitored to ensure compliance with this crucial requirement. Any prospective alterations to the project will be subjected to rigorous scrutiny and resolution by the steering committee during their regularly scheduled meetings.
